Ukrainian - native
Russian - native
English - Pre-Intermediate

ABOUT ME

I graduated from KhNURE and received a master's degree with honors. Always showed interest in technology and programming. Last 15 years I am engaged in the installation of television and Internet systems, repair and sale of electronics.
I decided to develop an online store for myself and began to be interested in web development and I liked it. I decided to radically change direction of my work - I want to study and develop in the field of IT
